It's out already on Demand with Comcast.

I'm moving over to blip.tv with posting video on the internet, I've about had it with youtube and the 10 minute limit policy.

you can find it on the PDGA homepage or look [here](#)

I put last months show up for sale on ebay, support the show you love to watch. Purchasing a DVD can help me with travel costs that I run into.

Thanks and enjoy the show!
